

How to Download eBooks to Your Kindle or Kindle App through OverDrive

Lois Wagner Memorial Library

You will need:

- A full privilege, non-Courtesy LWML Library Card
- Amazon Kindle or device with the Kindle App installed
- PC or Mac computer
- Amazon.com account
- Wi-Fi internet connection for wireless delivery

1. In a web browser on your computer or Kindle device, go to our OverDrive site at <http://slc.lib.overdrive.com>
2. Near the upper right, click **Sign In**. Select **Lois Wagner Memorial Library** from the drop down menu. Enter your Library card number. Click the **Sign In** button.
3. Using the **search box** on the right-hand side, search for the title or author you are looking for. To narrow your results to just Kindle titles, in the left-hand side menu under **Format** click **Kindle Book**. Click the title of the book you wish to checkout.
4. To check out your Kindle book, click "**Borrow**".
The Kindle book will be checked out to you.

Borrow

- If an item is not currently available to be checked out, instead of saying "**Borrow**" it will say "**Place a Hold**". To put an item on hold, click the "**Place a Hold**" button. Enter your email address in the boxes where indicated. You will get an email when the item is available to be checked out, and will have 72 hours from when the email is sent to checkout and download your hold.
5. Click **Go to Bookshelf**.
 6. At the Bookshelf screen, click **Download (select one format)**. Choose **Kindle Book**, then click **Confirm & Download**. You will be taken to the Amazon.com website.
 7. Click the "**Get library book**" button. If you are not already logged in to Amazon, you will be asked to log in with your Amazon.com username and password.
 8. Select the Kindle or device with Kindle app you wish to send the Kindle Book to. Click **Continue**.
 9. Your Kindle Book should be sent and downloaded wirelessly to your device. It should appear the next time your device syncs.
 - If you sent your Kindle Book to a Kindle it should appear on your Kindle's home screen.

Get library book

- If you sent your Kindle book to a device with a Kindle app it will appear under Archived Items.

10. If your Kindle Book was not delivered, try the following:

- Make sure you have a Wi-Fi connection available so that your device can sync. If you have a connection, try resyncing your device.
- If you can't sync through Wi-Fi, you can download and transfer Kindle Books via USB. Go here for instructions: <http://amzn.to/usbinstructions>.
- Try sending your Kindle Book again. To do so, go to Amazon.com and login. Click "**Your Digital Items**" near the upper-right. Click **Manage Your Kindle** on the left. Next to the Kindle Book you checked out, click **Actions**. Click "**Deliver to My...**" to resend your Kindle Book. From Manage Your Kindle, you can return Kindle Books early before their checkout period is over by clicking **Actions** and then **Return this Book**.

Title	Author	Date	
+ Good Girls Don't (Hqn) digital library	Dahl, Victoria	March	> Read Now > Deliver to my... > Purchase this book > Clear furthest page read... > Return this book
+ The Winds of Khalakovo	Beaulieu, Bradley P.	March	
+ The Confession: A Novel digital library	Grisham, John	March	
+ The Girl with the Dragon Tattoo (Millennium Trilogy) digital library	Larsson, Stieg	February 23, 2012	

Kindle Tips

- To find Kindle Books that are immediately available for checkout, click **Advanced Search** on the right hand side. From the **Advanced Search** form, select **Kindle Book** in the All Formats box and click the Available Now button. Click **Search**. This will bring up a list of all Kindle Format eBooks that are currently available to be checked out.
- Notes and highlights you make in a Kindle Book from the library will be saved and available to you if you check out the Kindle Book again or purchase it from Amazon.
- The default checkout length is for 14 days. To change default checkout lengths to 7 days, login and click **Account**, then **Settings**.
- Kindle Fire owners can read EPUB titles if they download and install OverDrive Media Console through the Amazon App Store. For instructions on how to do this, visit <http://bit.ly/TKPIXN>.
- For help, visit or call the Lois Wagner Memorial Library, or see these sites: <http://help.overdrive.com/article/0473/Getting-started-with-Kindle>

How to transfer OverDrive eBooks to Your Kindle via USB

On February 10, 2012, Penguin Publishing Group terminated their contract with OverDrive. As part of this, they have restricted the use of their Kindle eBooks to be

transferred via USB only, not through Wi-Fi. For more information about this decision, visit: <http://bit.ly/wAYoUn>. Should you check out a Kindle Book published by Penguin, or nor have a Wi-Fi connection, follow the instructions below to transfer your Kindle Book via USB. Please also note that Kindle Books from Penguin through OverDrive only work if you are transferring to a physical Kindle, not a device with a Kindle app. Books only transferrable via USB that have no Wi-Fi delivery option are listed in OverDrive as “**Kindle Book USB Only**”.

Kindle Book **USB Only**

To download and transfer Kindle books via USB:

1. After you have checked out an OverDrive Kindle Book, at the Download screen click “**Get for Kindle**”. You will be taken to the Amazon.com website.
2. Click the “**Get library book**” button. If you are not already logged in to Amazon, you will be asked to log in with your Amazon.com username and password.
3. From the “**Deliver To**” options, choose “**Transfer via Computer**”. You may be prompted to **Open** or **Save** the file. Choose **Save**, and save the file to a location you can easily find, such as your computer’s Desktop. If you do not pick a location, the file will often be saved in the Downloads folder, found in the Documents (or My Documents) folder.
4. Connect your Kindle via a USB cable to your computer.
5. Locate where you downloaded the Kindle Book and copy it. After plugging in your Kindle, your Kindle should appear where other USB devices appear. For Windows users, this is typically in the “Computer” or “My Computer” location. For Mac users, the drive will appear on the desktop. Paste the copied file to the following location on your Kindle:

Kindle Type	Folder where downloaded Kindle Book should be copied
Kindle Kindle Touch Kindle w/Keyboard	Documents
Kindle Fire	Books

6. Eject your Kindle from your computer. Your transferred Kindle Book should appear on your Kindle’s home screen. For device specific instructions, including videos that show the transfer process for each different Kindle device, please visit <http://amzn.to/usbinstructions>.
