## The Star Newsletter

February is traditionally a month that symbolizes *love*. But can one find *love* in a library? The answer to that question is an unequivocal “yes!” You can discover the *love* of adventure, cooking, crafts, gardening, genealogy, history, knowledge, movies, music, mysteries, nature and travel—just for starters. And you never know who you might meet as you gaze at titles on the library bookshelves. *Love* and libraries are really the “perfect match!” *Lovers* who meet in a library will always whisper and never shout... and they'll forever ask each other “What’s your book about?” ♥
