

Re: Local Employee Transportation

If you are having difficulties finding employees due to transportation issues, we might be able to help.

In addition to providing emergency medical services, Richmond Lenox EMS, in cooperation with SMART, provides transportation services for older adults and people with disabilities. And we regularly provide rides to local workers who are unable to drive.

If you are aware of a local resident who you would like to hire, but they lack transportation, please let us know. For further information on how we can help, please call us at (586) 749-7713.
