Bryan E. Santo, P.E.  
Director of Roads

### TO ALL BUSINESS AND/OR PROPERTY OWNERS:

The Macomb County Department of Roads is scheduled to begin the repaving of **33 Mile Road from Lowe Plank Road to M-19 (Main Street)**. Work will be performed by Ace-Saginaw Paving Company with Macomb County Department of Roads inspection. The project includes hot mix asphalt overlay, cold milling, joint repair, concrete curb and gutter repairs, aggregate shoulders, sinusoidal corrugations, and pavement markings. Construction work is expected to commence on 15<sup>th</sup> May 2024 with completion expected in July 2024(change due to weather conditions).

The Contractor will maintain access to all residential and business properties during the construction process. However, some inconvenience is inevitable during construction. You may be contacted by county personnel or construction workers from time to time with necessary requirements or available options to minimize disruptions, Road Closures. Stage 1. Closure of South Lane of 33 Mile Road and Detour the traffic, allow the North Lane of 33 Mile Road traffic. Stage 2. Closure of North Lane of 33 Mile Road and Detour the traffic, allow the South Lane of 33 Mile Road traffic.

Since construction will occur throughout the existing County Road Right-of-Way you need to take this opportunity to **remove or relocate** all in ground sprinkler systems, fences, ornamental plantings and landscaping, signs and other related items (located in the Right-of-Way) you wish to keep, prior to construction. **Neither the Contractor nor the Department of Roads will be responsible for any damage done to private items in the County Right-of-Way during construction.**

Construction problems and traffic delays are inevitable on a project of this type. Updates will be posted when necessary to the County website and social media accounts. Please feel free to contact the Department of Roads at (586) 463-8671 regarding any questions that might arise.

Your cooperation during this project will be greatly appreciated.

Sincerely,

MACOMB COUNTY DEPARTMENT OF ROADS

Tim Kniga  
Project Engineer
